## Notices (cont'd)

### **Building Refurbishment update.**

A few weeks back we let you know that the Vestry has begun exploring what can be done to refurbish our St Christopher's facilities, a task that has needed to happen for some time. John McClean from BSM architects has begun working on a revised floor plan of the main church, annex and hall, alongside current building code requirements and rules. Once this is completed the Vestry will call for a church meeting to look at the plans and the options before us to determine a way forward. Currently we have raised \$18,500 of the \$21,000 needed for this first stage. If you can help financially to get the project underway it would be appreciated. You can do using the church redevelopment account 02-0552-0067748-06 and include your giving number.

**School Holidays** are upon us so many of the usual week day events and groups will not be happening over the next two weeks.
